

East Northport's Carrie Weston Studios Launches New Website

longislandexchange.com/press-releases/east-northports-carrie-weston-studios-launches-new-website/

For Immediate Release: August 27, 2013

A New Design Offers Clients a Way to Browse Photographic Services and Easily Book Appointments

(East Northport, NY) Carrie Weston Studios, an award winning photography studio in East Northport, Long Island, has unveiled its new website at www.carriewestonstudios.com.

The new website features a more modern, user-friendly design and showcases significantly more information about the company's products and services. The website also allows visitors to easily access the photography galleries of senior portraiture, weddings and intimate photography. A key feature of the website is an e-newsletter and event sign-up, so that those interested in learning more or registering for upcoming events can access information quickly and easily.

"Unlike traditional studios—our office is home to not only photographers, but marketers and graphic designers who take pride in creating long-lasting art," said Carrie-Anne Gonzalez, Partner at the Studio. "We wanted our website to mirror who we are, artists aspiring to create a unique, luxury product for our clients."

Created with the user's experience in mind, the new site has been designed with the latest technology, so the site is compatible with all contemporary browsers and mobile devices. Carrie Weston Studios sees the new website as the first step toward a stronger, more engaging online presence, and plans to continue to find ways to interact with clients and those interested in their services.

For more information about Carrie Weston Studios, their new website and their service offerings, connect with them on Facebook, Twitter and Pinterest or on their blog: www.carriewestonstudios.wordpress.com.

About Carrie Weston Studios

Founded in 2010, Carrie Weston Studios began as a small marketing company focusing on graphic design, photography and marketing. At the start of 2013, they opened their doors to their first studio in East Northport, where they are dedicated to creating artwork through photography by capturing the image that tells your story. Their result is a luxury product; beautiful artwork that will create lasting memories for your family and generations to come. Carrie Weston Studios has won numerous awards for both photography and graphic design, and their work is featured in several art galleries throughout the United States
